SAFETY AND SECURITY REPORT 2020

INTRODUCTION TO THE ANNUAL REPORT

The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act is the landmark federal law, originally known as the Campus Security Act, that requires college and universities across the United States to disclose information about crime on and around their campuses.

Because the law is tied to participation in federal student financial aid programs it applies to most institutions of higher education, both public and private. It is enforced by the U.S. Department of Education. The “Clery Act” is named in memory of 19 year old Lehigh University freshman Jeanne Ann Clery who was raped and murdered while asleep in her residence hall room on April 5, 1986.

The law was amended in 1992 to add a requirement that schools afford victims of campus sexual assault certain basic rights; and was amended again in 1998 to expand the reporting requirements.

The 1998 amendments also formally named the law in memory of Jeanne Clery. The law was most recently amended in 2000 to require schools beginning in 2003 to notify the campus community about where public “Megan’s Law” information about registered sex offenders on campus could be obtained.

For more information on the Jeanne Clery Act, visit the Clery Center for Security on Campus website below:

<http://www.clery.org>

CONFIDENTIAL REPORTING OF CRIME

If you are a victim of a crime and do not want to pursue action with the school system or the criminal justice system, you may still want to consider making a report. With your permission the Security Officer can file a report on the details of the incident without revealing your identity for the purposes of reporting crime statistics for the Clery Act. When a confidential report is allowed, the purpose of reporting is to comply with your wish to keep the matter confidential, while taking steps to ensure the future safety of yourself and others. With such information, the school

Broken Arrow Beauty College

can keep an accurate record of the number of incidents involving students, staff and clients, determine if there is a pattern of crime and alert the proper authorities. Reports filed in this manner are counted and disclosed in the annual crime statistics for the institution.

SEX OFFENDER REGISTRY

The Federal Campus Sex Crimes Prevention Act, enacted on October 28, 2000, requires institutions of higher education to issue a statement advising the campus community where law enforcement agency information provided by a state concerning registered sex offenders may be obtained.
